PRAISE FOR ROGERS PHOTOGRAPHY

"We want to thank you...and also take the opportunity to give you our biggest compliment for your work. Ed was extremely easy to work with. He was everywhere & yet invisible... capturing the intensity of the moment in his pictures. We can't find the words for the love we feel for each other but he had the power to reveal it in the pictures!"
Constanze & Urjit Dave

"You executed, to perfection, every aspect of our perfect day in ours and every guest's picture. You made so much ease and smiles go into every image and we couldn't be a bigger advocate for both of you. Thank you eternally for a job expertly done with so much gratitude the rest of our life!"
Roisín & Tom Hanley

"I just wanted to send you a quick note just to let you know how much we LOVE our wedding album! During the holidays... our album was a hit at every family gathering! No one had ever seen a wedding album as unique as ours! Several friends who aren't even engaged yet have already decided who their photographer will be when their day comes."
Nancy & Jason Kelly

"Words cannot express the joy that we feel every time we look at our wedding album and all of our pictures. Your work is breathtaking. We are so happy we found the perfect photographer to capture our special day. You were also so easy to work with. The whole experience was such a pleasure. We can't thank you enough.
Marek & Tris Anne Ropiak

"Thank you so much for your AMAZING work. People constantly compliment the photos...We couldn't be more happy with how you captured every emotion and important moment. Thank you...and you'll be hearing from us at baby time!
Jaime & Ed McLaughlin

ABOUT ROGERS PHOTOGRAPHY

We are a full service photographic studio specializing in weddings and Award Winning Album Design. For over 18 years we have been introducing clients throughout the country to the most innovative photographic techniques, album design, personalized services and an unsurpassed commitment to quality.

Our unique style and approach to photography is simple and natural. We allow events unfold spontaneously, without interference, which allows us to capture moments in time as they naturally occur. While our coverage mainly encompasses candid coverage, we also include dynamic formal coverage.

As winners of numerous awards in both photography and design, we continually strive and are recognized for excellence in our field by our peers. Our greatest reward, though, and what truly matters to us, is the hundreds of couples that we have had the honor of photographing. Creating images and albums that will be cherished by them and for generations to come is the greatest award of all.
